Rustenburg, NW, South Africa

Profile

I am self taught web developer. I learnt myself code from a very young age. I am a hard working individual and will do the tasks that is placed in my hands. I work good in groups of people and have excellent communication skills

Languages

- English
- Afrikaans

Skills

- HTML
- CSS
- JavaScript
- SQL

Specialties

I am a out-of-the-box thinker

Good listener. Understand my tasks and projects

Education

| Rustenburg High School 2023 | I am finishing my matric this year. My subjects are physics, biology and IT. |
| Stellenbosch University | I am planning to do my degree in Computer Science next year. |

Projects

| My portofolio website 2023 | I created my own portofolio website from scratch and is a good representation of my skills |

I am currently expanding my job library as I just got 18.

More about me

I am the tipe of person that won't do jobs and projects for money but rather to build my knowledge on coding and the world of software. I have a huge passion for the computer world and want to be part of the big companies, like Apple, Google, ect. , one day. I WILL do my upmost best for my tasks and projects as it is very important for me to build a healthy hard working habit.
